

## HIM-100K Dataset License Agreement

This License Agreement ("Agreement") governs the use of the HIM-100K dataset. By using the dataset, the recipient acknowledges and accepts the terms outlined in this Agreement.

### 1. Definitions:

- a. **Dataset:** Refers to the materials provided by the authors of "End-to-End Human Instance Matting" under this Agreement.
- b. **Model:** Denotes the configuration data resulting from machine learning using the Dataset.
- c. **Recipient:** Any individual or entity receiving the Dataset under this Agreement.

### 2. License Grant:

The authors of "End-to-End Human Instance Matting" hereby grant the Recipient a non-exclusive, perpetual, worldwide, royalty-free right to reproduce, prepare derivative works of, publicly display, and publicly perform the Dataset solely for non-commercial purposes. The Dataset cannot be distributed, posted online, or used to support commercial products or ventures. Models derived from the Dataset can only be used and distributed for non-commercial purposes and may not be sold. Additionally, Recipient must adhere to the terms of any protocols associated with datasets such as MHP: Multi-Human Parsing and Supervisely that may exist within the Dataset.

### 3. Attribution:

Any use or reference to the Dataset, as well as any permitted distribution of images or the Model, must include the following attribution:

*Qinglin Liu; Shengping Zhang; Quanling Meng; Bineng Zhong; Peiqiang Liu; Hongxun Yao "End-to-End Human Instance Matting." IEEE Transactions on Circuits and Systems for Video Technology (2023).*

### 4. No Warranty:

The Dataset is provided "as is" without any warranty. The authors of "End-to-End Human Instance Matting" disclaim all express or implied warranties, including non-infringement, merchantability, fitness for a particular purpose, and non-infringement of third-party rights. The Recipient agrees that, in no event, will the authors be liable for any damages arising from the use of the Dataset. Recipient acknowledges that the use of the Dataset is at their sole risk.

### 5. Limitation of Liability:

In no event will the authors of "End-to-End Human Instance Matting" be liable for any direct, incidental, special, or consequential damages of any nature whatsoever, including, without limitation, loss of profits or any other commercial loss arising out of or in connection with the use or performance of the Dataset.
